

SHARPENED Brand Guidelines

Version 1.0

Brand Essence

Brand Name

SHARPENED

Tagline

Where Automation Sharpens Your Practice.

(For law firms and professional services)

Alternative universal tagline:

Automate. Save Time. Grow Your Business.

Brand Purpose

Small business owners didn't start their businesses to spend hours chasing leads, following up with clients, scheduling appointments, or doing repetitive administrative work.

Sharpened exists to build smart systems that eliminate manual work so business owners can focus on serving customers and growing their business.

Mission

To empower small businesses with practical automation that saves time, increases productivity, and creates consistent customer experiences.

Vision

To become the most trusted automation partner for small businesses in the Philippines by making automation simple, accessible, and results-driven.

Brand Promise

We simplify your operations through smart automation, so your business can grow with confidence.

Brand Positioning

Sharpened is an automation consultancy that designs and implements systems that replace repetitive manual work.

We don't sell software.

We build business systems.

Core Values

S – Simplicity

We believe technology should simplify work, not complicate it. Every solution we build is designed to be easy to use and easy to maintain.

"We make automation simple."

H — Honesty

We communicate openly, set realistic expectations, and recommend only what businesses truly need. Trust is built through transparency and integrity.

We earn trust through honesty.

A — Accountability

We take ownership of our work from planning to implementation. We honor our commitments and continuously improve our systems and ourselves.

If we promise it, we deliver it.

R – Reliability ★ (My top recommendation)

Businesses depend on consistent systems. We build automation that works reliably and can be trusted every day.

"Reliable systems create reliable businesses."

P — Progress

We believe in continuous improvement through innovation, learning, and optimization. Small improvements today create significant growth tomorrow.

Always improving. Always moving forward.

Brand Personality

Imagine Sharpened as a person.

Professional

Confident without sounding arrogant.

Smart

Always finding a better way.

Helpful

Patient and solution-oriented.

Modern

Clean, simple, and technology-driven.

Trustworthy

Promises only what can be delivered.

"Automatically follow up with every lead."

Elevator Pitch

Sharpened helps small businesses automate repetitive work using smart business systems.

From lead capture and appointment booking to customer follow-ups and CRM setup, we build automation that saves time, improves customer experience, and helps businesses grow.

Brand Story

Business owners wear too many hats.

They answer inquiries.

Schedule appointments.

Follow up with customers.

Manage paperwork.

Handle marketing.

Most of these tasks are repetitive.

We believe technology should handle repetitive work so people can focus on what only people can do.

That's why we created Sharpened.

To sharpen businesses through automation.

Automate. Save Time. Grow Your Business.

The Sharpened Brand in One Sentence

Sharpened helps small businesses eliminate repetitive work through practical automation, giving owners more time to serve customers and grow their business.

One recommendation as your brand grows

Consider making "**Where Automation Sharpens Your Practice.**" your **industry-specific** tagline for law firms, accounting firms, and clinics, while using "**Automate. Save Time. Grow Your Business.**" as your primary corporate tagline. This keeps the Sharpened brand broad enough to serve many industries while allowing you to tailor your messaging to specific markets.
